

Hackensack
Meridian *Health*

FOR IMMEDIATE RELEASE

September 18, 2018

HPAE-represented team members at The Harborage, Hackensack Meridian *Health's* long-term care facility in North Bergen, ratified a new three-year successor labor contract.

The ratified contract defines the wages, benefits and terms and conditions of employment for members of the bargaining units through May 31, 2021. The agreement covers approximately 175 team members.

We are pleased that our team members voted in favor of the new labor contract. The new agreement will enable The Harborage to continue to deliver safe, high quality care for our residents and provide sustainable, fair and market-competitive wages and benefits and a positive work environment for team members. The contract also accounts for the changes happening in healthcare and within our organization.
